

Finn Jowett

Full Stack Developer

# Hi, I am Finn Jowett

I am a full stack developer with a master's degree in Computer Science, recently graduated from the University of Georgia.

What's driven me forward is my unwavering passion about designing various webpages and delivering them. I have been intrigued by computer applications since always. I implemented countless functions on different webpages, and improved plenty of webpage architecture.

Full stack developer

---

## About me

I am currently working as a software engineer, I am implementing responsive health report webpage design. I am well versed in algorithms analysis and webpage design.

---
